Unplanned Stops and Special Detours:
What you should know About U.S. hours of Service Rules

Your motor coach driver works hard to accommodate customer requests ·   but in the case of making unplanned stops or detours, sometimes he or she is simply unable to oblige.
Just like an airline pilot, the number of hours that one motor coach driver can be on duty are strictly limited by Federal Law.*

What are the Facts?

➢ Your driver can drive up to 10 hours, and then must have 8 hours off duty before driving again.

➢ Your driver may work up to 15 hours, which includes both driving and non-driving duties. Once the 15 hour limit is reached, the driver must have 8 hours off duty.

➢ Your driver may work up to 70 hours in any 8-day period, which includes driving and non-driving duties. A driver may not drive after reaching this limit.

The consequences of exceeding these limits include:

➢ Your driver being %put out of service+on the spot, during a surprise state or federal roadside inspection of your driverс log book, severely delaying your group while another driver is located and transported to your motor coach.

➢ The safety of your entire group being put at extreme risk, due to driver fatigue.

➢ Further penalties to your driver and bus company, including criminal penalties, that could threaten their livelihoods.

So, please donç pressure your driver to break the law by
changing your itinerary. Remember, the lives of your
entire group are in your driverс hands.
